Agility Jump & Training Banners

from **£99**
inc VAT

Fixed treated wooden pole of optimised diameter and weight to grip and firmly hold banner at full height AND when rolled down to medium and small jump heights.

Printed Full colour with UV resistant inks on tough vinyl for outdoor use

Double sewn pole sleeve at bottom to hold your own pole which anchors the banner.

Strategically placed integral tensioner that does not interfere with the banners ability to collapse when knocked.

A to Zoom presents Agility Jump and Training Banners, new from Equitility - a great addition to your agility kit. Size: 1250mm wide banner fixed to a 1380mm long top pole.

- Simulate a solid wall for a fraction of the cost of a normal wall!
- Designed to work at all jump heights, fast and easy to adjust, simply roll up or down
- Easy to store and transport
- Tough and tear resistant, UV and weather resistant, for outdoor use all year round
- Can also be rolled out on the floor to practice surface change
- Developed in conjunction with experienced competition agility trainers

Available as:

Double sided brick wall

Brick wall one side and custom printed on reverse eg your club logo

Custom printed with the same design both sides

Custom printed with a different design both sides

Plus P&P £15 (UK mainland) - all prices include VAT

A to Zoom

"An affordable way to train over a solid fence - something which many dogs and handlers only meet in the ring. A brilliant addition to anybody's kit - really easy to use - even in mixed height classes"

Ann Dormer ACAI
